## Preface

Welcome to ‘Improving Your Writing Skills: A Short Revision of Basic English Writing Skills for University Students’. This short book is designed to help you revise and improve your writing. It is not designed to teach you all the skills of writing, as you will have already participated in numerous English lessons at primary and secondary school, but instead, it is a refresher course that highlights a few key areas for you to brush up and revisit.

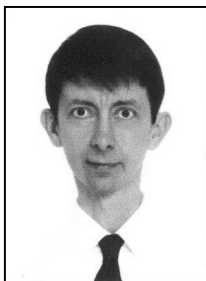

The materials are aimed at students with a pre-intermediate to intermediate level in English. The book begins by reviewing some basic skills, but quickly progresses to more difficult and challenging tasks.

You will have the opportunity to increase your English vocabulary by learning around one hundred new words from the texts in this book. The new words are taught within a context first. This will help you to understand the meaning of the words. Then you will be asked to use them, along with any other words that are new to you, to compile a personal dictionary and an alphabetical dictionary (Appendices 1 & 2, p. 126 and p. 135).

Hopefully, after reading ‘Improving Your English Skills’ and completing the activities in the book, your writing will be more accurate and you will have greater self confidence when facing a writing task.

I hope you enjoy ‘Improving Your Writing’. If you have any comments or suggestions I will be happy to receive your feedback. I am based at Bangkok University, The Language Institute, Ground Floor of Building 4, City Campus, Rama 4 Road, Bangkok.

Happy Learning,

David Meredith
